

❖ LibKey in [BiblioSearch](#): allows direct access to the article (or dossier) with a single click.

N.B. when the resource is subscribed by the University or freely accessible.

- *PDF*: for direct access to the article

- *View issue contents*: access to the referenced dossier

❖ [LibKey Nomad](#): is an extension for major browsers that allows a direct link to the full text of electronic resources acquired by the University Library System or available in Open Access. Using LibKey Nomad it is possible to obtain, with a single click, the full text of a journal article or e-book, from the platforms of publishers, databases (as is already integrated in Scopus, Web of Science and Proquest, Google Scholar, Google Books).
